PROFILE

Computer Science fresher with hands-on experience in Android application development using **Kotlin**, **Android Studio**, and **Android SDK**. Has a clear understanding of app UI screens, content structure, and overall app workflow, with the ability to build and deliver quality applications in a fast-paced environment.

TECHNICAL SKILLS

Languages: Kotlin, Java

Android Development: Android SDK, Jetpack Compose, Room Database, ViewModel, CameraX, ML Kit

Architecture: MVVM, Repository Pattern

UI & Design: Jetpack Compose UI, XML Layouts, Material Design 3

Developer Tools: Git, GitHub, Android Studio, VS Code

EXPERIENCE

Android Development Project | [Certificate](#)

2025 (1 month)

Cognifyz Technologies

Remote

- Independently developed an Android application as part of a structured assignment program.
- Developed a To-Do List Android application using Kotlin, enabling users to add, edit, and delete tasks.
- Completed the full development cycle and delivered a working APK as the final submission.

PROJECTS

Yatra | Kotlin, Jetpack Compose, MVVM, Compose Animations | [Github](#)

May 2026 – Jun 2026

- Developed a travel discovery app showcasing popular Indian destinations with animated carousels, destination details, and booking workflows.
- Implemented custom Jetpack Compose animations, Navigation Compose, and reusable UI components to deliver a polished user experience.

BloodConnect App | Kotlin, Jetpack Compose, Room DB | [Github](#)

Jan 2026 – May 2026

- Developed an Android app for managing and filtering blood donor records by blood group using Jetpack Compose.
- Implemented MVVM architecture with Repository Pattern, Room Database, Kotlin Coroutines, and Flow for offline-first data management.

FaceFit AR App | Kotlin, Jetpack Compose, CameraX, ML Kit | [Github](#)

Jun 2025 – Aug 2025

- Built an Android application that applies real-time virtual face filters using CameraX and ML Kit face detection.
- Designed a responsive Jetpack Compose UI and implemented dynamic overlay rendering aligned with facial landmarks.

EDUCATION

Institute of Technology and Management

Gorakhpur

B.Tech in Computer Science Engineering | CGPA : 7.73

Sept 2022 - May 2026

ACHIEVEMENTS AND CERTIFICATION

- U-HACK 4.0 Hackathon 2026** | [Certificate](#): Participated and built QueueLess, a real-time digital queue management application.
- Smart India Hackathon 2025** | [Certificate](#): Qualified at the internal institute-level round.
- HP Dreams Unlocked Season 1 Hackathon 2025**: Presented DubSmart AI - an AI-powered automated movie dubbing solution with voice cloning and lip-sync.
- Samsung Innovation Campus - Coding & Programming** | [Certificate](#): Completed Samsung's official coding and programming certification.
